2. AMAZON BUSINESS ACCOUNT

All SPS district business Amazon purchases are required to be made on the SPS Business account through an SPS business email and shipped to an SPS site or school address. SPS staff Amazon users are not to share login information. Under no circumstances should personal purchases or purchases outside the scope of SPS district business be made on the SPS Amazon Business account.

Our goal is to simplify the purchasing process so you can take advantage of business only features you do not have today on your consumer profiles. Features include:

- Tax exempt purchases
- Free Two-Day shipping
- Business pricing and quantity discounts on select items
- Business-tailored search and browse functionality
- Access to a specialized customer service team for business customers only

Everything else you know and love about shopping on Amazon.com will remain the same. If you make purchases through Amazon and need to be added to the SPS business account, please contact the Accounting Manager in the Business Services Department.

3. SAM'S CLUB PURCHASING

Please follow the procedures outlined below in order to purchase from Sam's Club. Note this allows for in-store purchases only.

- All District purchasing and financial procedures must be followed. This includes purchasing card (P-card) procedures.
- A District purchasing card (P-card) is required for payment, no exceptions. Personal credit or debit cards are not allowed to be used with this District membership.
- Any purchase that may exceed \$999 will need a limit increase form submitted to the Business Services Department prior to the purchase.
- A copy of the Sam's letter must be used to checkout at Sam's. This is very important as it has our new membership number on it. Site and department administrators and secretaries should relay the letter and these procedures to their users. Please contact your site administrator or secretary for a copy of the letter.

- You will be asked to verify the purchase is for school business prior to the checkout process. It is critical that you make sure the cashier has coded the transaction as tax-exempt prior to anything being rang up on the register. Failure to do so will require you to take extra steps with Sam's Club to return the items and re-checkout as a tax-exempt sale. It is the card user's responsibility to make sure this is done correctly.
- Receipts are to be turned in and handled just like any other P-card transaction.

Please contact Purchasing for questions about the District's Sam's Club membership or Business Services for questions regarding your purchasing card (P-card).

4. PURCHASE OF STAFF AND BOARD MEMBER AMENITIES

District funds to purchase goods/services that could be classified as personal amenities are inappropriate uses of District funds. Below are examples of personal amenities. This list is not intended to be all inclusive.

- Gift cards
- Flowers
- Get-well cards
- Personal gifts (items of a personal nature that would not or could not be used in the nature of the staff members district position)
- Candy

Refreshments for staff meetings may be purchased if approval is received from an appropriate administrative representative. Purpose for transaction should be documented on receipt.

The Superintendent's Office authorizes activities for employee retirement and exemplary service out of District operating funds, as well as, bereavement and condolences to board members.

5. GIFT CARDS/PRIZES

Staff

Gift Cards, or gifts of any nature, given to employees are required to be included on the employee's W-2 as taxable income, per IRS regulations. Therefore, we discourage any gift card purchases for staff. If gift cards, or gifts of any nature, are purchased for staff, they must be paid with social funds and a [Gift Cards, Prizes, and Cash Advance Signature Form](#) must be completed and submitted to Business Services with the itemized receipt. These amounts will be included in the employee's taxable income.

Students

The District acknowledges the benefit of incentivizing student achievement through the use of gift cards or merchandise. Gift card purchases are allowed to be purchased for an award or gift to an SPS student that are funded by student activity funds. Gift cards and merchandise that are distributed to students should follow the same level of accountability as cash disbursements to students. A [Gift Cards, Prizes, and Cash Advance Signature Form](#) must be returned to the Business Services Department for ALL gift card,

merchandise/prize purchases, and cash advances (examples: Meal money, MAP test awards..). This same process will be followed for Project Graduation events, also. Any gift cards purchased with funds other than student activity funds needs approval from the Business Services office.

Gift cards are NOT allowed to be purchased for the acquisition of supplies, materials, or services. Nor may they be received in lieu of a refund made payable to the District for the return of goods or services or in lieu of payment to the District.

6. SOCIAL FUNDS

Social funds may be collected to provide financial resources to show support and encouragement to colleagues during significant events in their lives. These funds are collected through donations from district employees.

- A. Social Funds are to be maintained separate from all other District funds in their own Fund 60 general ledger account code (object 8925).
- B. All Social Funds collected shall be from employee donations or commissions from vending machines accessible to staff only, District resources are NOT to be deposited or transferred into a social fund account.
- C. SPS's tax exemption may NOT be used for purchases from these funds.

In addition to above, we would offer the following suggestions:

- A. Establish a Social Fund Committee.
- B. Establish written guidelines on how the money is to be accounted for, used, and reported.

7. ACTIVITY FUNDS

The purpose of activity funds is to promote the general welfare, education and morale of all students and to finance the normal legitimate co-curricular activities of student body organizations. These funds consist of programs that have student participation in the activities and are maintained at the schools location.

- A. Each school will maintain a list of approved clubs and sponsors. When new clubs are created, the appropriate information must be provided to the Business Services Department so that account codes can be established for revenues and expenditures of new activity.
- B. The club sponsor will oversee activities of the student organization. The sponsor will work with the school's financial secretary to process the collection of cash receipts and expenditures. All revenues will be deposited into the district's bank account and expenditures will be processed through the same district bank account. No cash should be held to make purchases outside the district's normal purchasing procedures.
- C. All purchases for activity funds shall be made in accordance with the district's purchasing procedures.
- D. At a minimum, each quarter, financial secretaries shall generate and print a detailed budget report showing receipts and disbursements for all activity funds and distribute

to the appropriate club sponsor to reconcile. Sponsors are to sign off on report as approval of receipts and expenses and financial secretary will file at site. These reports should be maintained until that year's financial audit has been completed.

8. DONATIONS

A donation is a gift for charity, humanitarian aid, or to benefit a cause. Springfield Public Schools recognizes there may be instances in which student body organizations may wish to donate to a group or organization. In this event, below are the guidelines to follow for donating to a group or organization.

- Any and all funds received that are earmarked to be donated to a group or organization must be deposited into a Fund 60 student activity account.
- Donation payments to a group or organization are to be paid through a Fund 60 student activity account.
- The student organization should agree by majority vote to donate student activity funds to specified group or organization.
- Payments are to be made payable directly to specified group or organization agreed upon by student organization.

8. SCHOLARSHIPS

Scholarships may be awarded to students based on academic achievement or other criteria as specified within the scholarship guidelines to financially support a student's continuing education.

- A. Payments should be made payable to the educational institution of the recipient's choice, not to the individual.
